# How Made Our Summer Cox Digital Cable Spectacular!

It's a rainy Summer morning.

Ryan and Ashley are screaming around the house wanting to play outside.

We need a workable entertainment plan, soon!

Thank goodness for **Cox Digital Cable!**

It's a morning filled with laughter and giggles as they visit **Toon Disney**, **Cartoon Network** and **Nickelodeon**.

After lunch, I switch on **Discovery Kids** and let their imaginations go to work.

Then I turn to the **Animal Planet**. The kids really love learning new things about nature's furry friends.

Ryan, my sports enthusiast, is thrilled by **Fox Sports Net's** coverage of the **Florida Marlins**.

And while baseball is playing, I sneak off to my cozy comfy chair and watch a great movie on **Lifetime Movie Network** and then catch up on my soaps on **SoapNet**.

While the kids are playing games and working puzzles, I turn on **Digital Music Choice** and let the sound of **For Kids Only** fill the air. Great songs and stories you really can't get anywhere else. Rainy summer days don't have to be a household disaster any longer!

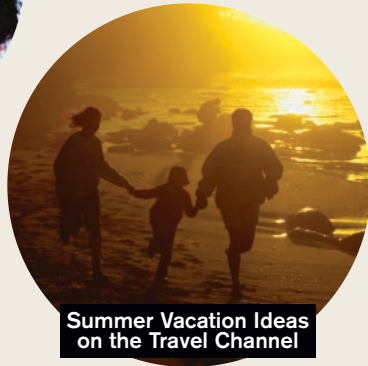

Here on the Gulf Coast, especially during **Hurricane Season**, it's important to have current weather information. So, we rely on **Weatherscan Local** to get up-to-the-minute forecasts for our area.

And when we want the latest news from around the country - or the world - we tune to **CNN**, **CNBC**, or **Fox News Network**.

Easy "How To" Info on Do it Yourself Network

Sports

The weather is going to be nice tomorrow - a great opportunity to take on some projects around the house and the yard. With all the "how to" programming on the **Do it Yourself Network**, **Home & Garden** and **Discovery Home and Leisure**, we have become regular weekend warriors!

Like a lot of families, we enjoy summer vacations! The **Travel Channel** and **Fine Living** are jam-packed with family vacation ideas and weekend getaways. Plus, you can preview them before you visit.

On summer evenings when the kids are in bed, I can't think of anything better than relaxing on the couch and watching a great movie with my hubby. With all the fantastic selection of films available on the **Digital Premium Services** and **Digital Movie Tier**, there's always something on that we want to see. And instead of wasting time running down to the video store, we just pick a first run movie on **Pay-Per-View**. Nothing to return, no late fees.

Of course, there's a lot more on **Cox Digital Cable**.

Simply put, information and entertainment doesn't stop when the days are longer and the nights are warm. **Cox Digital Cable** provides what my family needs, no matter what the season.

As far as I am concerned, it's not an option - it's essential!
