

Meet Your Doctor

Kevin G. Rogers, D.V.M.
OWNER / HOSPITAL DIRECTOR

We're Ready to Go Visit the Doctor Now.

If you are searching for a place where your pets can get convenient and complete petcare, then look no further than **Kootenai Animal Hospital**.

We're the one-stop veterinary care facility that you can count on for all your petcare needs.

From microchip placement and vaccinations to surgery and orthopedic care, we can provide all the services your pet requires at our close by, easy-access office.

Our vets are some of the nicest folks you may ever meet — and they are superb doctors as well. They treat each pet as a part of the family. And of course, procedures are always carefully explained to you in a caring and courteous manner. We don't just care for pets, we care about the owners, too!

One visit to **Kootenai Animal Hospital** will convince both you and your pet that you've found the animal healthcare place you can rely on — always.

Local, Professional Petcare

You don't have to travel to a big city to get high quality medical care for your pet. It's available right here in Post Falls at **Kootenai Animal Hospital!** Our vets, Dr. Kevin Rogers and his associates, along with their competent staff, provide the best in state-of-the-art veterinary care — from vaccinations and gentle exams to complete surgical and dentistry procedures. All in a warm, comfortable environment focused on you and your pet's every need.

Certified by the Prestigious American Animal Hospital Association

This special certification is only awarded to animal hospitals which demonstrate a strong commitment to excellence in a variety of areas, including: Complete surgical facilities; Proper sanitization; Safe anesthesia with advanced monitoring equipment; In-house laboratory & pharmacy; Dental care; Emergency care; and Compassionate nursing care.

State-of-the-Art Medical Solutions & Surgical Facilities

When your pet becomes sick or injured, we seek medical solutions first. If surgery does become necessary, we will make the experience for you and your pet as comfortable as possible. Step by step, we let you know what needs to be done and make every effort to ensure a positive, proactive experience. Dr. Rogers and his associates provide professional medical attention to:

- Fractures & ligament injuries
- Neuters, spays and declawing
- Cancer diagnosis & treatment
- Internal diseases

We're all pretty new to this world and sure didn't like having to go see the Doctor! We were afraid of what the Vet might do! But our fears were put to rest as soon as we got to the Kootenai Animal Hospital. The Vet was so gentle and so nice, even the vaccination shots hardly hurt at all! And then he talked with our new mom & dad to make sure they knew how to keep us happy and healthy. Things are going to be just fine now!

— Larry, Moe and Curly

Full Range of Veterinary Services & Preventive Care

Dr. Rogers & Associates offer a full range of quality veterinary services, procedures and preventive petcare, including:

- **Vaccinations:** Helping your pet build essential immunities that can prevent disease and let your pet live a long, healthy life.
- **New Puppy/Kitten Care:** To help you get your pet off to the right start, we offer specially-priced vaccinations and exams for the young ones, as well as valuable advice on nutrition & behavioral training.
- **Microchip ID Implants:** Don't let your pet get lost without one! ID Implants really help to ensure your pet's safety.
- **Dental Care:** Periodontal treatments and gentle cleanings for both dogs and cats keep teeth and gums healthy. Our fully-equipped dental suite makes all the difference.
- **Advanced Solutions for Fleas, Ticks and Heartworms:** We offer a wide variety of the latest, most-effective products.
- **Diet & Nutrition Counseling:** Quality foods and insightful advice to help meet your pet's important nutritional needs.
- **Skin Care:** We can soothe and heal problem areas quickly by incorporating the latest breakthroughs in animal dermatology.
- **Boarding and Grooming:** Leave your pet at our spacious, climate-controlled boarding facility while you are away – or just bring them in for a bath and trim.
- **Geriatric Petcare:** We want your older pet to have a healthy, long life, so we check for liver, kidney and heart disease, as well as arthritis and cancer. In addition, special nutritional supplements and diets for pets over seven years of age are offered.

You know, it's not much fun to eat when your teeth are sore. And my breath was so bad, I was losing friends fast! Now, dogs don't like the the thought of going to the dentist any more than people do, but when you gotta go, you gotta go! Thank goodness my owner took me to the Kootenai Animal Hospital. They examined my teeth and gums so gently, I thought, "What was I so worried about?" When the treatment was finished, my teeth didn't hurt and my breath doesn't offend any more! Bring on the dogbones!

— Marty

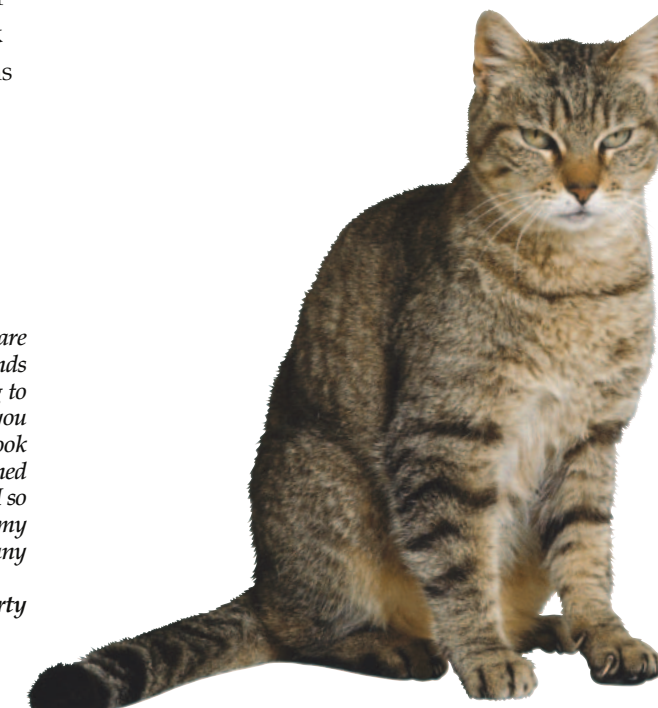

Recommended by Furry Friends and their Satisfied Owners!

"For as long as we can remember, vets are all we've wanted to be. The kind of vets who want to watch pets grow up. Who give personal care and attention to every animal we see. Who do everything in their command to ensure that your pet is healthy and happy – now and for a lifetime to come.

"That's why so many Post Falls residents have found and endorsed Kootenai Animal Hospital to their friends and family. And we're pretty sure some previous 'patients' of ours have also spread the word."

— Dr. Rogers

Just the thought of surgery can scare the nine lives out of me! I certainly didn't like the idea of an operation — especially afterwards when you recover in a strange, cramped cage. Fortunately for me, I was checked into the Kootenai Animal Hospital, where the staff was very nice and comforting. They used the very latest and advanced surgical equipment and the procedure went perfectly. Plus, the boarding facility was so nice, I actually got a good night's sleep. Now I'm on the mend and doing very nicely, thank you!

— T. C.
